

## Supporting Letter

To whom it may concern,

I am an Assistant Professor in the School of Data Science at The Chinese University of Hong Kong, Shenzhen. I am writing to formally certify Mr. Chaobo Jia's significant contributions to our research project, titled " $\lambda$ Scale: Enabling Fast Scaling for Serverless Large Language Model Inference".

Chaobo Jia has been a Research Assistant in my research group since January 2024. During this time, he worked closely with me and other team members and played a significant role in the design, implementation, and evaluation of our system prototype. Notably, he wrote approximately 11k lines of code (out of a total of 14k lines), demonstrating both technical proficiency and a strong commitment to advancing the project.

Beyond his technical contributions, Chaobo Jia also demonstrated outstanding problem-solving skills and a collaborative spirit. He actively engaged in tackling research challenges and discussing innovative solutions. I am confident that his expertise and diligence will continue to drive success in his future academic and professional endeavors. Should you require further details regarding his qualifications, please do not hesitate to contact me.

Yours sincerely,

Minchen Yu

Assistant Professor

School of Data Science, The Chinese University of Hongkong, Shenzhen
